The diagram illustrates a network structure with various nodes and connections. The nodes are labeled with letters and numbers, and the connections are represented by lines. The diagram is organized into several sections, with labels like 'A.', 'B.', 'C.', and '[]' indicating different parts of the network. The connections are labeled with percentages (0.5%, 5%, 10%, 30%) and numbers (1, 1000, 3000, 5000). The diagram is a complex network graph.

The scatter plot displays the relationship between the number of 'Ш' (Sh) characters (Y-axis) and the number of 'Ч' (Ch) characters (X-axis). The X-axis ranges from 0 to 100, and the Y-axis ranges from 0 to 100. The data points are represented by black 'Ш' and 'Ч' characters. The plot shows a positive correlation, with points generally following a diagonal trend from the bottom-left to the top-right. There are also several points where the number of 'Ш' is zero and the number of 'Ч' is non-zero, and vice versa.
